<p>Name (Optional unless providing a testimonial below)</p>	<p>S. Gupta</p>
<p>Testimonial</p>	<p>A structure and comprehensive learning exercise that can be related to real-life scenarios. Often different aspects are seen working in parts or silos, this course provides a multidimensional view that covers all domains critical for a successful business plan. Highly beneficial in the current market situation, would recommend to other colleagues and friends as well.</p>
